YEAR PLAN 2024-25

Class : XI Science

CHEMISTRY

MONTH	CHAPTER	ACTIVITIES
JUNE	Unit I: Some Basic Concepts of Chemistry Unit II: Structure of Atom	Lab Basics Salt Analysis(two salts)
JULY	Unit IV: Chemical Bonding and Molecular Structure	Salt Analysis(two salts) Periodic test 1
AUGUST	Unit III: Classification of Elements and Periodicity in Properties Unit VIII: Organic Chemistry -Some Basic Principles and Techniques	melting point and boiling point determination Unit test 1
SEPTEMBER	Unit IX Hydrocarbons Unit V: Chemical Thermodynamics	volumetric Analysis
OCTOBER	Unit VI: Equilibrium	chemical equilibrium determination First term examination
NOVEMBER & DECEMBER	Unit VII: Redox Reactions	volumetric Analysis Periodic test 2
JANUARY	Revision for annual examination	
FEBRUARY	Annual examination
