Date: 28/10/2024

Dear Parents,

A special educational program for our students titled “Sky is Not the Limit” using a Mobile Planetarium will be set up at our school, offering an immersive virtual tour of outer space for classes LKG to XII.

As our country reaches new heights, including the moon, it’s crucial for our young minds to explore the wonders that lie beyond. The Mobile Planetarium is a portable dome that can accommodate approximately 45 students at a time. Tailored shows for different age groups have been arranged which will make it both interesting and educative for the students.

Entry Fee: Rs. 100/- per student. Please submit this fee to the class teacher by November 1, 2024.

Thank you for your cooperation. We look forward to an exciting journey through the cosmos!

Thank you,
