(Senior Secondary)

(Affiliated to CBSE New Delhi-Affiliation No. 930448)

Ref: **LDR/PRNT-CIRC /043/2025-26**

Date: **16/09/2025**

Dear Parents,

As per the request received from a number of students of the CCA – AI & Robotics class, the concerned has proposed for the distribution of a specially designed Electronics learning Kit. The kit has been carefully crafted in line with the curriculum followed in AI & Robotics program serving as valuable hands-on tool for students, enabling them to practically understand fundamental concepts of electronics, sensors, and robotics while fostering creativity and innovation.

The contents of the Kit are as follows –

1. Connecting wires
2. 9V Battery with connector
3. Resistors
4. Capacitors
5. LDR (Light Dependent Resistor)
6. Buzzer
7. LEDs
8. Switch
9. Push Buttons
10. RGB LED
11. Breadboard.

The total cost of the kit is Rs. 300/- (Three hundred rupees only) per student.

Interested students may hand over the said amount to the class teacher on or before 22/9/2025,

Monday so that students can get the kit as soon as possible.

Thank you,

PRINCIPAL
