GENERAL SCHOOL RULES

Dear Parents and Students,

As we have commenced the academic year, it is to be noted that certain important matters are constantly reminded to our children to help them move forward with the academic year in a systematic, disciplined, and productive manner.

Here are a few gentle reminders to act upon in order to ensure a smooth and successful academic year.

1. Students must bring the prescribed textbooks, notebooks, stationery items, and school diary according to the timetable every day.
2. Students must complete the assigned homework independently, regularly, and systematically. Homework must be submitted to the teacher concerned as instructed for timely correction and evaluation. Parents are requested to ensure that students do not depend on AI tools for completing their homework and assignments. Excessive dependence on such tools may affect their independent thinking, creativity, problem-solving skills, and ability to become confident learners.
3. It is mandatory for students to wear the prescribed neat and clean school uniform on all regular school days and for all school functions. On Wednesdays, the prescribed PT uniform must be worn.
4. Boys must maintain a neat and well-trimmed hairstyle at all times.
5. Girls must follow the prescribed hairstyle guidelines:
 - i. Girls with long hair (shoulder length and beyond) must have their hair neatly plaited in two on Monday, Tuesday, Thursday, and Friday.
 - ii. A single ponytail may be permitted for girls whose hair is above shoulder level.
 - iii. On Wednesdays, a single ponytail may be permitted along with the PT uniform.
 - iv. Students with hair beyond shoulder level must ensure that it is properly plaited.
 - v. Only black hairbands, sweatbands, or ribbons may be used. Claw clips are strictly prohibited to ensure student safety.

6. Wearing rings, chains, bracelets, or any decorative accessories is strictly prohibited. Key chains must not be brought to school.
7. Nails must be trimmed neatly. Application of nail polish is not permitted.
8. Students are also restricted from wearing lipsticks to school.
9. Students from Play class to Class XII must wear black school shoes with Velcro on all working days.
10. Punctuality must be cultivated as an important virtue. Students arriving late without a valid reason will be dealt with according to the school disciplinary procedures.

Students are expected to maintain polite, respectful, and responsible behaviour both inside and outside the school premises. Any act of indiscipline, including fighting, use of abusive language, or behaviour that affects the dignity and reputation of the school, will invite disciplinary action. The school reserves the right to suspend a student in cases of serious violations of school rules.

Thank you,

Dr. Annamma George
Principal
